

The Credit Valley Conservation Authority (CVC) is a partnership of the municipalities within the Credit River Watershed. We are dedicated to conserving, restoring, developing and managing the natural resources of our watershed. Together we have a long and successful history of ensuring a clean supply of water for human and environmental needs. At this time, we are seeking to fill the position of:

Electrofishing Technician

3 Casual Positions

SUMMARY OF FUNCTIONS

Reporting to the Aquatic Biologist the Electrofishing Crew Member is responsible for providing technical assistance to the fisheries component of the watershed monitoring program.

ELIGIBILITY REQUIREMENTS

- Must be currently enrolled in or have completed a college/university diploma or degree program specializing in fisheries biology, ecology, environmental science or a related environmental field
- Must have a valid class 'G' Drivers License. The successful applicant will be required to provide a MTO Drivers Abstract
- Must be willing to work under adverse environmental conditions
- Class 1 or 2 electrofishing certification would be an asset

SUMMARY OF MAJOR TASKS

Perform the following tasks under limited direction.

- Sample, identify and record fish species and biomass data throughout the Credit River watershed using a backpack electrofisher, generator unit electrofisher, seine net or trap net
- Prepare Fisheries Collection Records (FCR) as required by the Ministry of Natural Resources
- Provide assistance to the other components of the monitoring program (hydrogeology, geomorphology, water quality) or other CVC projects as required

HOURLY Rate: \$13.86 - \$15.08
