

Ecological Service Providers

Credit Valley Conservation encourages ecological landscaping on all lands: corporate, institutional, public and residential. The ecological service providers included on this list are some of the area firms that can help you with ecological landscaping projects - from native plantings, to “green” hardscaping, to environmental maintenance.

NOTES

* = Specialize in ecological services. (Other firms offer conventional services along with ecological services.)

** = Specialization noted only where a firm’s services focus around a limited specific expertise such as green roofs. Others may offer the same services as part of a suite of services. Many firms also offer Education and Interpretive Planning – for inquiries please contact the firm directly.

SEE ALSO: CVC Green Cities Native Plant Nurseries and Seed Sources List

DISCLAIMER

Inclusion on this list is not necessarily an endorsement of any given product or service provider. The selection of a provider is left to the client.

If there are any errors or omissions on this list please contact greencities@creditvalleyca.ca and we would be happy to address it.
