2) Do you agree with the Project Goal and Objectives? What edits or suggestions would you recommend?

**PROJECT GOAL:** “To enhance and re-create coastal habitats through the establishment of a natural park that encourages public access, use and exploration along the waterfront while facilitating sustainable urban redevelopment on the existing tablelands”

**PROJECT OBJECTIVES:**

Enhance and create a diverse mosaic of naturalized terrestrial and aquatic ecosystem habitats

Create public access to and along the waterfront while allowing for compatible recreation and cultural heritage opportunities

4) Please comment on the current “Alternatives To” the undertaking (listed). Are there any more “Alternatives To” you’d like to see contemplated by the study team?

(The "**Alternatives To**" the project are the functionally different ways to meet the project need and achieve the project purpose)

- “Do Nothing” - status quo conditions along the Lakeview Waterfront and current “Dig and Dump” fill management approach
  
- “Lakefill Approach” - which allows opportunities to use reuse fill, improve habitats and establish connections
