

Island Lake boardwalk construction

Use of the Vicki Baron Lakeside Trail

Visitors can access the Vicki Baron Lakeside Trail (VBLT) at two designated entry points located on 1) Hockley Road and 2) Hwy 10 (see map for locations). Free use is limited to the VBLT and does not include other conservation area facilities. Admission or membership apply to all users entering through the designated conservation area entrances or wishing to enjoy other areas and activities of Island Lake Conservation Area.

Congratulations to the Friends of Island Lake for their continued fundraising efforts to complete the perimeter trail around Island Lake.
