Re: Lakeview Waterfront Connection Public Information Centre

The Region of Peel and Credit Valley Conservation (CVC) appreciates your continued interest and participation in the planning of the Lakeview Waterfront Connection Project Environmental Assessment (LWC Project EA), an exciting and important project that seeks to create a new natural waterfront park along the Lake Ontario shoreline in southeast Mississauga.

We would like to formally invite you to the second Public Information Centre (PIC) for the LWC Project EA which will be held on April 3, 2013. Please find attached the official notice for the upcoming Public Information Centre.

On December 5, 2012, the Terms of Reference (TOR) for the LWC Project EA was approved by the Ministry of Environment.

Re: Lakeview Waterfront Connection Project Public Information Centre #3

The Region of Peel and Credit Valley Conservation (CVC) appreciates your continued interest and participation in the planning of the Lakeview Waterfront Connection Project Environmental Assessment (LWC Project EA). The goal of the LWC Project is to create a new natural park that will establish ecological and public linkages on the eastern Mississauga waterfront.

We would like to formally invite you to the third Public Information Centre (PIC) for the LWC Project EA which will be held on November 20, 2013. Please find attached the official notice for the upcoming PIC. All are welcome to participate in the consultation for the project at the meeting, by email, or post.

Since we presented the Preferred Alternative in early April, there have been a number of comments received regarding the transition of the LWC Project into the beach at Marie Curtis Park west. Over the last few months, the LWC Project team has refined the Preferred Alternative in response to those comments. The purpose of this PIC is to present and discuss refinements to the Preferred Alternative and the detailed effects assessment in advance of the release of the Draft EA for review. We plan to submit the Draft EA to the Ministry of Environment for review in early December, 2013.

All of the LWC Project documents and updates continue to be available at the LWC Project website: <http://www.creditvalleyca.ca/lwc>.
